

Going Too Far by Eric Berlin

Many of the words in this crossword puzzle are one letter too long, and won't fit in the space provided. You'll have to extend these words into the black squares—which in this case have been colored gray for your convenience. An entry may begin or end in a gray square. When the puzzle is complete, the letters in the gray squares, read from left to right and top to bottom, will spell out a bit of advice.
