

Wry Tangles by Eric Berlin

Each answer in these puzzles will make one 90° turn somewhere along its length. Where it turns, and in which direction, is for you to discover. The starting square for each answer is given, as is its initial direction (North, East, South, or West). Every square in the completed grid is used in exactly two answers.

	1				2		
					3	4	
	5	6	7	8		9	
		10	11				
		12	13	14			
15		16				17	
	18	19	20				
		21					22
